

The MBE Input Committee Presents
“Breakfast with Champions” Speaker Series

Upscaling: Embracing Change and Growing into What’s Next

Everything in your life, personal and professional, is constantly changing. If you’re like most people, you probably find yourself reacting to change rather than actually leading it in order to influence — and even control — the outcome. *Well, it’s time to change that.*

Since 2001, William Matthies, the author of *The 7 Keys to Change: A New Approach to Managing Change to Live Better and Work Smarter*, has been helping entrepreneurs and corporate teams break through the obstacles to change, innovation and growth. Having built and sold two companies of his own, he knows first-hand the challenges business owners face. And with a successful corporate career prior to that in market research, sales planning, product development and marketing, he also understands the importance of identifying and preparing for the future opportunities that challenges and change inevitably create.

Join us for an energy-filled morning of insights and inspiration that will also include “Needs and Leads,” a networking session designed to connect you with the resources that will help move your business forward.

About Our Host

Charles A. Harmon is the Senior Manager of Corporate Procurement and Corporate Services for American Honda Motor Co., Inc. In his role as the company's procurement officer, Harmon exercises total administrative responsibility in directing more than \$2 billion of American Honda's corporate spend to include oversight of all corporate purchasing operating activities. He also leads American Honda's efforts to develop a diverse supply chain through his many board appointments, including serving as Chair of the SCMSDC Board of Directors.

About the MBE Input Committee

The MBE Input Committee (MBEIC) consists of minority business enterprises who are elected into membership by SCMSDC-certified MBEs. As a standing committee of the Board of Directors, it provides constructive input, promotes Council events and activities, develops programs, and serves as the liaison between corporate members, staff and MBEs.
